*Square Sail Ventures presents
the beautiful tall ship
'Phoenix'*

The Phoenix represents the Age of Sail in maritime history. A ship that would have been well known to pirates, dare-devil pioneers and explorers of the New World

A wonderful and unique platform for Public visitations, promotional events, product launches, press receptions and corporate entertaining

What can Phoenix offer to Events?

- The ship, alongside can be open to the Public for visitations. On board are displays with information , photographs and details of the history of the ship. Crew members are on hand to interact and chat with the visitors.
- Phoenix provides a fabulous venue for corporate events, receptions and promotions — either during the day or evening.
- Logos can be fastened to the sails of the ship or banners tied along the side of the vessel for the purpose of advertising, promotion etc.
- Information, marketing materials, photographs etc can be projected on to the sails of the ship for dramatic effect.
- Ship's lights can illuminate the masts and sails at night, producing a stunning focal point to any event.
- At anchor, the vessel provides a spectacular platform for corporate clients/VIPs/Press to view waterborne events
- Providing the location has suitable marine conditions, the ship can be used during or at the end of an event for waterborne activities. She can be the flagship for parades of sail; evening spectacles and finale events

Phoenix has been the star of numerous motion pictures and television series, most recently filming for Tom Hardy's series 'Taboo', as the 'Essex' in Ron Howard's movie 'In the Heart of the Sea', Poldark Series 1 and 2 and the Golden Globe nominated Amazon Prime series 'Outlander'

The Phoenix is a British registered vessel 34 metres long, fully certified to carry 12 passengers when sailing.

Alongside or at anchor the ship can comfortably accommodate 50-60 persons on deck for a function.

Please call or email us to discuss the possibilities of having our ship visit your area/event/organisation. Costs for hire of the ship depend on a number of factors (including duration and location of charter) and will be negotiated and agreed on a tailor-made basis, specific to each individual client's requirements
